Emergency contact information

First and last name		Mobi le	
Contact relation to student (example, spouse or uncle)			

Notes

Photos

Students become part of the family. We take family photos and we also use photos for marketing purposes. Such general photos may include you. Please let us know if you see any photo that you are uncomfortable with.

Confidentiality

In our family we become part of each other's stories. We will deal with this in class also but know that we cherish each other's sharing and experiences. All students who enrol agree to the confidential nature of what is shared.

Class structure and medium of tuition

Irrespective of the region where we present classes locally, virtual class is our fall-back learning medium. It means that should a situation arises that may disrupt local classes, classes will continue online as well as potentially take on a different format. In a variety of circumstance students will therefore be able to complete their studies if they understand this. Student numbers permitting, we encourage learning in a local community. There are however also students who prefer virtual class as the primary medium of tuition and for them their fellow students become their community in full right.

Payment schedule

For students not making monthly payments, the payment schedule is as follows: End of March a third of total payment for the year | End of July, 50% payment | End of October, full payment. The dates are the same for the second year of studies.
